TRIGEO SIM CAPTURES SC MAGAZINE “BEST OF 2006” FOR EVENT MANAGEMENT IN THEIR ANNUAL AWARDS ISSUE

*TriGeo SIM Picks up Top Honors for the Second Consecutive Year
from Leading Security Industry Trade Journal*

POST FALLS, ID, January 29, 2007 – TriGeo Network Security, a leading provider of security information and event management (SIEM) solutions, today announced that the company’s TriGeo Security Information Management (SIM) solution won a prestigious “Best of 2006” award for Event Management in SC Magazine’s annual awards issue published last month. SC Magazine is a leading security industry trade publication, and its December 2006 issue lists 22 categories for its “Best of 2006” awards. In addition, TriGeo is a finalist for “Best Event Management Solution” for the 2007 SC Magazine Reader Trust Awards for outstanding achievement in information technology (IT) security presented next month at the RSA® Conference 2007.

In selecting the TriGeo Security Information Management solution, the editors of SC Magazine wrote, “The TriGeo box is a powerhouse. It is one of the few products we’ve tested over the years that actually lives up to its hype.”

“The TriGeo SIM has captured two consecutive SC Magazine “Best Buy” Awards, and now two consecutive “Best of” Awards for 2005 and 2006,” said Michelle Dickman, president and CEO, TriGeo Network Security. “We value the recognition not only for our product but for the emerging category of event management. Network visibility is critical and TriGeo demonstrates that SIEM technology can be the foundation of both network management and network defense.”

The TriGeo SIM helps mid-market enterprises effectively see what’s going on inside their organization’s network. The TriGeo SIM features real-time log analysis, hundreds of pre-built

correlations, and IDS/IPS functionality. These features help customers meet regulatory requirements by providing reporting and analysis that supports the IT security, audit and compliance functions. Real-time security incident analysis and response from the TriGeo SIM makes it ideal for IT security organizations that need fast responses to both internal and external security issues.

About SC Magazine

SC Magazine provides IT security professionals with in-depth and unbiased information through timely news, comprehensive analysis, cutting-edge features, contributions from thought leaders and the best, most extensive collection of product reviews in the business. By offering a consolidated view of IT security through independent product tests and well-researched editorial content that provides the contextual backdrop for how these IT security tools will address larger demands put on businesses today, *SC Magazine* enables IT security pros to make the right security decisions for their companies. The brand's portfolio includes the *SC Magazine Awards*, *SC Directory*, *SC Magazine Newswire* and *SC Magazine IT Security Executives Forums*.

About TriGeo Network Security

Formed in 2001 as the pioneer and leader of Automated Remediation through Intelligent Correlation™, TriGeo protects the entire network - from perimeter to endpoint. With more than 45,000 nodes deployed, TriGeo Network Security is the leading provider of information and event management technology for mid-market enterprises.

The TriGeo Security Information Manager is the only network security appliance that automatically identifies, notifies and responds to network attacks, suspicious behavior and policy violations. With patent-pending technology for real-time log analysis, event correlation, automatic alerts and policy-based active response, TriGeo provides an innovative network defense technology through a complete security information management (SIM) solution.

TriGeo is privately-held with headquarters in Post Falls, Idaho. For more information, visit the company's website at www.trigeo.com or call (208) 664-7000
